

CLIENT SUCCESS STORY

Times+

The Brief

Back in 2014 British national newspaper The Times contacted GFM to help them recruit venues for their renowned online Times+ promotions. More specifically, the client wanted to give their digital subscribers the chance to save money on dining, hotels, leisure and family trips. This promotion needed to be managed in its entirety from concept generation through to recruitment and reporting.

Our Solutions

In response to the brief we; created all necessary supporting marketing materials, recruited over 7,000 independent and chain partners and regularly communicated campaign performance back to the client. These promotional activities were also supported by our expert contact centre services. As a result, our team was able to offer Times+ subscribers with exclusive discounts at an incredible selection of venues throughout the UK.
